

ROGER S. BALLENTINE

Curriculum Vitae

2010

CURRENT POSITIONS

Green Strategies Inc. Washington, D.C., President.

- Provide strategic management consulting to Fortune 100 companies, energy and environmental service providers, and early stage technology companies on clean technology and energy market drivers, including rapidly evolving public policies and business-relevant stakeholder actions.
- Provide strategic management consulting on corporate sustainability practices and strategies.
- Develop public policy, business development and capital formation strategies for corporate clients.
- Advise investors and financial institutions on clean technology market developments and assist with deal pipeline development and deal evaluation.
- Frequent speaker on energy and environmental matters at industry, financial sector, and NGO conferences and board meetings.

Arborview Capital LLC. Chevy Chase, MD, Venture Partner

- Venture Partner with clean energy private equity fund making growth capital investments in the clean energy and energy efficiency sectors. Develop investment opportunities, conduct due diligence and provide governance services to portfolio companies.

PRIOR PROFESSIONAL EXPERIENCE

The White House. Washington, D.C., Chairman, White House Climate Change Task Force, and Deputy Assistant to the President for Environmental Initiatives (1999 – 2001).

- Headed new White House policy office with responsibilities of managing and developing Administration policy on climate change and of directing Administration strategy on its top land conservation initiative.
- Reported directly to the President and to Chief of Staff.
- Managed and directed staff of professionals detailed to Task Force from agencies.
- Participated at highest levels in Administration policymaking.

- Represented the President and the White House in multilateral and bilateral negotiations and consultations around the world.
- Presented Administration views to non-governmental and private sector business organizations and entities, often as keynote or featured speaker.
- Coordinated and resolved inter-agency disputes over energy, air and land conservation policy.
- Conducted outreach and consultation with industry, non-governmental organizations, the Congress and State and local governments.

The White House. Washington, D.C., Special Assistant to the President for Legislative Affairs (1998 – 1999).

- Liaison between the White House and Congress.
- Advised White House and Administration policymakers on legislative strategy.
- Focused on environmental and energy issues.

Patton, Boggs, L.L.P. Washington, D.C., Partner (1995-1998), Associate (1988-1994).

- Legal practice specializing in public policy advocacy, election and campaign finance law, congressional rules and procedures, non-profit law, and congressional investigations.
- Provided strategic and political consulting to non-profit and for-profit clients.

John Kerry for President/Kerry-Edwards. Senior Advisor for Energy and Environmental Policy. Developed policy positions and advised Campaign on policy matters. Served as surrogate and media spokesperson for Campaign on energy and environmental issues.

U.S. House of Representatives. Washington, D.C., Special Counsel. 1997 - 1998. Served as outside counsel to Democratic leadership for handling of election challenge.

ACADEMIC

Visiting Professor, Harvard Law School. Teaching course on energy and climate change (2008).

Progressive Policy Institute. Washington, D.C., Senior Fellow (2003-present) Develop energy and environmental policy proposals and opinion pieces at think tank aligned with the centrist wing of the Democratic Party.
